Voice Processing Globalization Department
Voice Express Development Department
Multimedia Processing Systems
Market Management
Solutions Delivery Organization

The Conversant® Pictorial Directory continues to change and grow with the fortunes of Lucent Technologies and BCS. The directory originally contained the BCS development and market management staff in Columbus. A few higher level coaches were added.

As the Conversant family expanded, the directory grew to include a few coaches in New Jersey and Denver, and associates reporting to coaches in Columbus. Included now are R&D India staff, Solutions Delivery Organization staff in Columbus, and associates from a global speech group in Denver.
